2024

ESG-Software, som gør det nemt at følge EU's standarder

- Opdaterede datapunkter i henhold til **EU-standarder**.
- Analyseværktøjer.
- Nem besvarelse af oplysningskrav i en formaliseret ramme.
- Arbejd mere effektivt på en central platform.
- Opbyg tillid til dine ESG-data.

Product highlights

- Følg EU-lovgivning.
- Nemt at integrere i den daglige drift.
- Dokumenter dine ESG-tal.
- Få øje på risici og muligheder.
- Nøjagtige data, der er klar til revision og dine kunder.

Double materiality

Forstå din virksomheds påvirkning af værdikæden ud fra bæredygtighedsperspektiv og få øje på hvor der kunne være potentialer og risici.

Frameworks
Build reports based on predefined frameworks.

- ES21** (Basis)
ES21 is targeted at companies that need to start work on sustainability reporting.
DEVELOPED BY: Erhvervsstyrelsen
Buttons: Create new report, Preview
- ESRS** (Standard)
The ESG standard was developed by the EU and EFRAG, and is primarily aimed at large...
DEVELOPED BY: European Union
Buttons: Use framework, Preview
- VSME** (Standard)
VSME is targeted at companies that need to start work on sustainability reporting.
DEVELOPED BY: European Union
Buttons: Coming soon, Learn more
- LSME** (Standard)
LSME is targeted at companies that need to start work on sustainability reporting.
DEVELOPED BY: European Union
Buttons: Coming soon, Learn more

Having trouble choosing a framework?
Our ESG consultants are ready to assist your organization. Just [contact our support](#).

4/6

Optimeret samarbejde og transparens

Det er nemt at styre hele ESG-arbejdet og samle alt data på én platform samt at se status på opgaverne.

The screenshot shows the E-SG.cloud interface. The left sidebar contains navigation options: Dashboard, My tasks (5), REPORTING (Reports, Frameworks, Tools), and Settings. The main content area is titled 'My tasks' and shows an overview of assigned tasks. A search bar and a 'Filters' dropdown are present. The task list is as follows:

TASK	REPORT	END DATE	STATUS	ASSIGNED
Disclosure of time horizons used for analysis (biodiversit...	ESRS Report 2024	May 4, 2024	Completed	CW
Disclosure of quantitative information about potential fina...	ESRS Report 2024	May 4, 2024	In progress	CW
Explanation of whether and how biodiversity and ecosyst...	ESRS Report 2024	Jul 30, 2024	In progress	CW
CO ₂ e-discharge within scope 2	ES21 Report 2024	Jul 30, 2024	In progress	CW
Number of sites owned, leased or managed in or near pro...	ESRS Report 2024	Nov 23, 2024	In progress	CW
